

Working Off-campus Procedure

Section 1 - Preamble

(1) Charles Darwin University ('the University', 'CDU') seeks to be an employer of choice where people feel supported and happy. The University recognises, values and celebrates the diversity of its workforce. This aligns with our values of courage, kindness, openness, innovation and leadership.

(2) Offering flexible off-campus working arrangements, such as ad-hoc, hybrid and remote, will attract and retain a productive workforce, support employee wellbeing and maintain a strong team-based culture on campus.

Section 2 - Purpose

(3) This procedure outlines the process of applying for off-campus work arrangements and the associated terms and conditions of this arrangement.

(4) This procedure should be read in conjunction with the [Flexible Work Arrangement Policy](#).

Section 3 - Scope

(5) This procedure applies to:

- a. all employees appointed under the [Charles Darwin University and Union Enterprise Agreement 2025 \(the Agreement\)](#);
- b. employees on senior executive contracts; and
- c. employees accessing Individual Flexibility Arrangements through [the Agreement](#) that includes a component of off-campus work.

(6) This procedure does not apply to employees requesting a permanent change in work location from that which is specified in their employment agreement. If an employee is wishing to negotiate a permanent change in workplace location, they will need to submit an official request to their relevant SET member, prior to the Vice-Chancellor for consideration.

(7) Flexible work arrangements made as part of a workplace adjustment or return to work plan in conjunction with People and Culture are managed separately from the requirements of this procedure in accordance with the [Workplace Adjustment Policy and Procedure](#) or the [Return to Work and Workers Compensation Procedure](#), as applicable.

Section 4 - Procedure

(8) A core principle of the [CDU Strategic Plan 2021 - 2026](#) acknowledges students as being at the heart of our decisions. This must be reflected through our workforce planning and the empowerment of the CDU workforce. A vibrant on-campus environment fosters a positive learning experience and this procedure endeavours to ensure the

balance of employees on campus supports this.

(9) The University values the connection to Country held by First Nations employees and will consider requests for additional flexibility in work location to recognise and support this connection.

(10) The University offers the following variations of off-campus work to employees:

- a. Ad-hoc off-campus work arrangements: Infrequent, irregular or inconsistent off-campus attendance arrangements. An employee and their supervisor may negotiate ad-hoc arrangements to allow flexibility when required and deemed suitable for the employee and workplace. Ad hoc arrangements do not require a [Working off campus eform](#).
- b. Hybrid off-campus work arrangements: this arrangement provides employees with the option of a combination of both on and off-campus working arrangements. The maximum time working off-campus that will be considered for approval is 20% of the employees normal working profile in accordance with [the Agreement](#).
- c. Remote working arrangements: this arrangement allows for more than 20% of work to be undertaken off-campus in accordance with the Agreement. This may include employees who are required to work temporarily from an interstate or remote locality. Employees working remotely (i.e. interstate) on an ongoing basis have generally been employed under those terms and conditions due to University requirements and therefore will continue with those arrangements accordingly.

(11) Requests for off-campus work arrangements will be assessed on a case-by-case basis, taking into consideration the employees individual circumstances, the operational requirements of the work unit, and broader University community.

(12) Off-campus work arrangements are not to be used in lieu of ongoing or regular care arrangements, including for family and/or household members requiring a high level of support that would significantly impact the employees capacity to work whilst on their off campus component.

(13) In accordance with the [Flexible Work Arrangement Policy](#), an off-campus work arrangement is temporary and can be entered into for a maximum period of 12 months for ongoing and fixed-term employees, or one (1) semester for teaching academics.

(14) All off-campus work arrangements must be reviewed no later than six (6) months following commencement to ensure that it is meeting the needs of the employee, the work unit and the University. If the review finds that continuing the arrangement does not meet the needs of all parties, it can be ceased in accordance with this document.

(15) A student and service focus is priority. Consideration must be provided to learning and teaching activities on campus, predictable work patterns (including set face-to-face consultation hours), attendance at CDU-led events on campus as well as the University's strategic initiatives.

(16) All working off campus arrangements may be modified or terminated by the University at any time with the provision of ten (10) working days notice.

(17) Any working off campus arrangement negotiated under an Individual Flexibility Arrangement will be subject to the conditions of [the Agreement](#).

(18) If an off-campus work arrangement is not approved, the University must provide detailed reasons to the employee within ten (10) working days. The employee may apply for reconsideration when their circumstances have changed after the initial application was lodged.

(27) In the instance an approved off-campus work location has moved or changed, the employee will be required to complete another [Working off campus eform](#).
