Section 5 - Procedures

Requirement for a Working with Children Clearance

(8) The University, in accordance with the [Enterprise Agreement](#), [Child Safety Policy](#) and the Northern Territory [Care and Protection of Children Act 2007](#), requires all current, new and prospective staff members engaged or likely to be engaged in child-related work, to obtain and hold a Working with Children Clearance (Clearance) conducted and administered by SAFE NT prior to engaging in work, either in a paid or voluntary capacity.

(9) To ensure the University is compliant with legislative and professional requirements:

- a. Senior Managers must ensure the requirement for a Clearance is included on the position profile prior to the recruitment and selection process for recognised positions;
- b. People and Culture must notify applicant/s for child-related work positions that a Clearance is required during the recruitment and selection process; and
- c. successful applicants who are recommended for employment with the University must apply for a Clearance if they do not hold a current Clearance. An offer of employment will be conditional upon the production and verification of a valid Clearance.

(10) An applicant for a position that has been identified as requiring a Clearance, who refuses or is unable to obtain a

Clearance may not be eligible for employment with the University.

(11) A current staff member in a position that has been newly identified as requiring a Clearance, who refuses to obtain a Clearance may be subject to disciplinary action, up to and including termination .

Existing Clearance Holders

(12) A Clearance is transferrable across all categories of child-related work in the Northern Territory, and between paid and volunteer work, however, they are not transferrable between states and territories.

(13) New, current and prospective staff members who already hold a valid Working with Clearance must present the originals to People and Culture for verification with SAFE NT. The Talent Acquisition will make a copy to be kept on the staff member's personnel file and update the University's database.

Clearance Application

(14) New, current and prospective staff members who do not hold a current Clearance must apply for one in accordance with the SAFE NT Clearance process.

Payment

(15) Application or renewal fees for a Clearance must be paid directly to SAFE NT when lodging forms. Staff members may seek reimbursement from People and Culture, in accordance with the [Enterprise Agreement](#). A receipt for payment, stating the date of lodgement (which should be prior to the first day of employment) must be submitted the Talent Acquisition to process a reimbursement.

Temporary Exemption

(16) It is against the law for the University to employ a person in child related employment if the person does not hold a valid Clearance. If a new, current or potential staff member's Clearance application is not processed prior to commencing employment, People and Culture must request an exemption from Territory Families to ensure the University is not in breach of the legislation. Evidence of application or renewal must be submitted to the Talent Acquisition, in the form of a receipt from SAFE NT for verification, prior to the commencement of employment or the expiry of an existing staff member's valid Clearance.

Clearance

(17) If after assessing the application, SAFE NT decides that a person does not pose an unacceptable risk of harm or exploitation to children, a Clearance will be sent to the applicant along with the Ochre Card. The Clearance will be valid for a two (2) year period, from the date the card is issued.

(18) The applicant or existing staff member must present the Clearance to People and Culture for verification with SAFE NT. The Talent Acquisition will make a copy to be kept on the staff member's personnel file and update the University's database.

(19) If SAFE NT denies a Clearance, the applicant will be advised in writing by registered mail. The applicant must advise the Director People and Culture as soon as possible as they may not be eligible for employment with the University.

Currency

(20) It is a legislative requirement that staff members maintain currency for continued employment in any child-related field with the University. Staff members must advise the Director People and Culture in writing of any relevant change of circumstances. This includes:

- a. being charged or convicted of an offence relating to children of a type specified in the [Care and Protection of Children Act 2007](#);
- b. revocation of clearance; or
- c. having conditions imposed on the clearance.

(21) In these circumstances, the Director People and Culture will:

- a. provide the staff member with an opportunity to discuss any relevant change of circumstance;
- b. engage the staff member elsewhere within the University, if there is an opportunity and it is appropriate; or
- c. terminate the staff member's employment.

Renewals

(22) It is the staff member's responsibility to renew the Clearance prior to the expiration date. It is against the law to continue to undertake child-related work without an up to date Clearance.

(23) SAFE NT will send a reminder notice to the Clearance holder two (2) months prior to expiry.

(24) Staff members must present the original renewed Working with Children Clearance Notice and Ochre card to the People and Culture unit for verification with SAFE NT, as soon as it is received. The Talent Acquisition will make a copy to be kept on the staff member's personnel file and update the University's database.

(25) Where an application for renewal is made prior to expiry but the Clearance is not received in time, the staff member must present the SAFE NT receipt to People and Culture. The Talent Acquisition will then seek a temporary exemption from Territory Families.

Records Management

(26) Clearance records will be stored securely by People and Culture on the individual staff member's personnel file, and managed in accordance with the University's [Records and Information Management Policy and Procedure](#) and [Privacy Policy](#).

Non-Compliance

(27) Non-compliance with this Procedure may result in disciplinary action and/or reference to law enforcement agencies in accordance with the Northern Territory [Care and Protection of Children Act 2007](#) and University Governance Documents.
